

The box plot displays the distribution of 'number' for two categories: 'none' and 'some'. The y-axis represents the 'number' values, ranging from 0 to 45. The 'none' group (left) has a median around 10, with a box from approximately 5 to 15. The 'some' group (right) has a median around 25, with a box from approximately 20 to 30. The 'some' group shows a significant number of outliers, extending up to 45.
